Jakey Younger is a highly knowledgeable commercial real estate broker specializing in tenant representation across the Dallas-Fort Worth metroplex, with a particular focus on the Dallas North Tollway corridor. Before joining Younger Partners, Jakey refined his expertise at Citadel Partners, where he successfully closed over 100,000 square feet in transactions.

Jakey is known for his deep market insight, data-driven approach, and ability to align real estate strategies with each client's unique business objectives. He understands that office space is more than just a location; it's a strategic asset that impacts productivity, company culture, and financial performance. By carefully assessing operational needs, long-term growth plans, and financial considerations, Jakey ensures that his clients secure office solutions that support their success.

His unwavering "never give in" attitude and strong negotiation skills give tenants a competitive advantage, allowing them to secure the best possible terms while mitigating risks. Committed to building lasting relationships, Jakey serves as a trusted advisor throughout the leasing process, from market analysis and site selection to lease negotiation and portfolio optimization. His dedication to tenant advocacy and long-term client success makes him a go-to expert for companies seeking office space in DFW, particularly along the North Tollway corridor.
